Desktop

Compact Welding Laser

High tech – packed in an attractive housing design with a small footprint – this makes the new Desktop laser outstanding. Smaller than ever and yet equipped with more power! The Desktop benefits from the innovative technology of its big brother, the Performance. Computer-controlled laser pulses and monitored cooling make it a very reliable tool. Everyday work processes are made comfortable thanks to easy handling and supportive weld assist systems. The modern housing design is tailor-made for shops with only little room available and at the same time provides a large working chamber.

FEATURES & BENEFITS

- ECOmode™
- Compact and modern housing design with small footprint
- Color TFT touch display
- TrueView™
- Easy set-up, automatic adjustment to power available 100 V / 230 V
- Leica microscope
- XE-Power™ version (optional) includes SPEEDmode™

APPLICATIONS

- Manual Laser Welding of Metals
### Desktop Datasheet

#### SPECIFICATIONS

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>Dimensions (L x W x H)</td>
<td>754 x 521 x 505 mm (29.7 x 20.5 x 19.9 in.)</td>
</tr>
<tr>
<td>Weight (approximate)</td>
<td>54 kg (119 lbs.)</td>
</tr>
</tbody>
</table>

#### CONFIGURATION
- Laser-safe housing with front flap
- Leica stereo binocular
- Color TFT touch screen
- Parameter setting inside working chamber
- Integrated water-air cooling with DI filter
- Integrated exhaust fan
- Connection for external exhaust unit
- LED ring light
- Process gas supply with flexible nozzle
- ECOmode

#### OPTIONS
XE-Power upgrade includes PLUS-Package (SPEEDmode, BURSTmode, RAMPrmode)
